

Denise's Rhubarb Slush

8 cups diced rhubarb
8 cups water
3 cups sugar
1/2 cups lemon juice

Put the above ingredients in a large kettle, stir well so sugar doesn't stick to the bottom.
Bring to a boil, stirring often, until rhubarb is soft and mooshy; strain the juice with a metal mesh strainer into a glass bowl or 2 qt glass measuring pitcher.

Add 3 oz package of cherry jello and stir til dissolved
Add 1 3/4 cups of vodka

Once it has cooled a little pour the liquid slush into a gallon ice cream container--pail version needs to be stirred every so often
til it freezes--or do like Jill does and pour into individual cups and place in the freezer.

Serve w/Squirt, Sierra Mist, Ginger Ale.

Enjoy!!
